

Celebration of Love

... a function of the World Love Project™

... exploring Conscious Evolution & Self Mastery

6th annual gathering FEBRUARY 10th to 14th
SOUTH RIVER HIGHLANDS COUNTRY RETREAT
LEXINGTON, VIRGINIA

As we move through the 'birth canal' of the 2012 time span & of the powerful shifts here on earth, we are also reminded of the love vibration that is deepening & expanding because of the awakening of the hearts of so many. **Within chaos is the birth of the new!** YOU are a very important part of this amazing experience. Discover ways in which we can transmute the current global consciousness, the currently held beliefs to write a new story, to create a new vision. We have the possibility of birthing a new humanity that can go where humans have never gone before.

9 presenters, sharing their insights & experiences, will have independent workshops morning, afternoon & evening each day. Together we will explore this subject from several perspectives. COSTS: Love Donation / fair exchange
